Interop Tokyo

The 24th Interop Tokyo has finished with great success with showing and sharing the leading edge technologies through in-depth educational programs, a solution-rich exhibit floor, and by showcasing live technology demonstration from leading vendors.

At Interop Tokyo, the total number of Visitors has increased by 7,000 in three years.

*including co-located events

The meaning of ※ () is the result of last year.

6/7(Wed.)	6/8(Thu.)	6/9(Fri.)
42,780	48,714	51,871
(40,615)	(47,791)	(52,539)
Weather: Cloudy	Weather: Sunny	Weather: Sunny

Total number of Visitors: 143,365
(140,945)

Number of Exhibitors: 535
(529)

Number of Booth spaces: 1,395
(1,388)

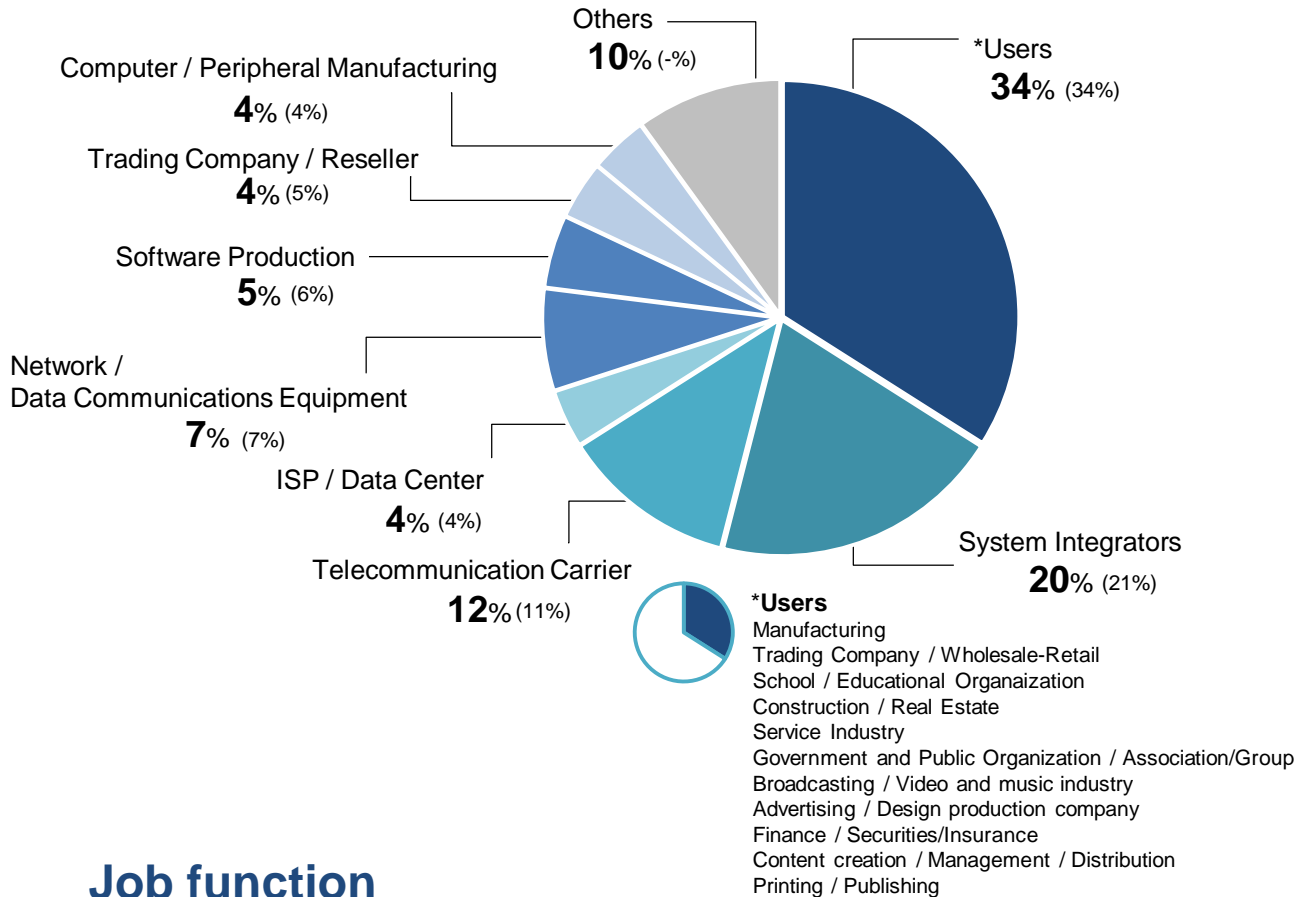

Attendee Profile

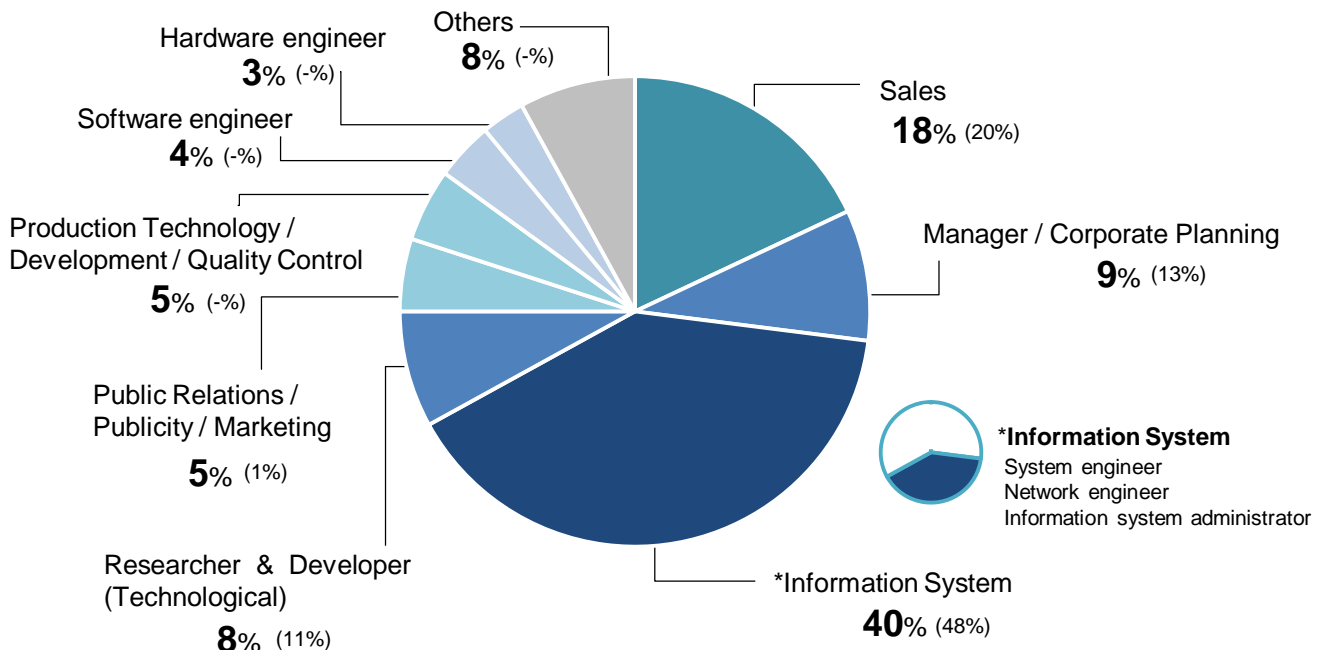

Type of business

※ () is the results of last year.

The total number is not necessarily the result of 100% because it only lists comparable figures in the results of last year. New questionnaire items and other items are not compared.

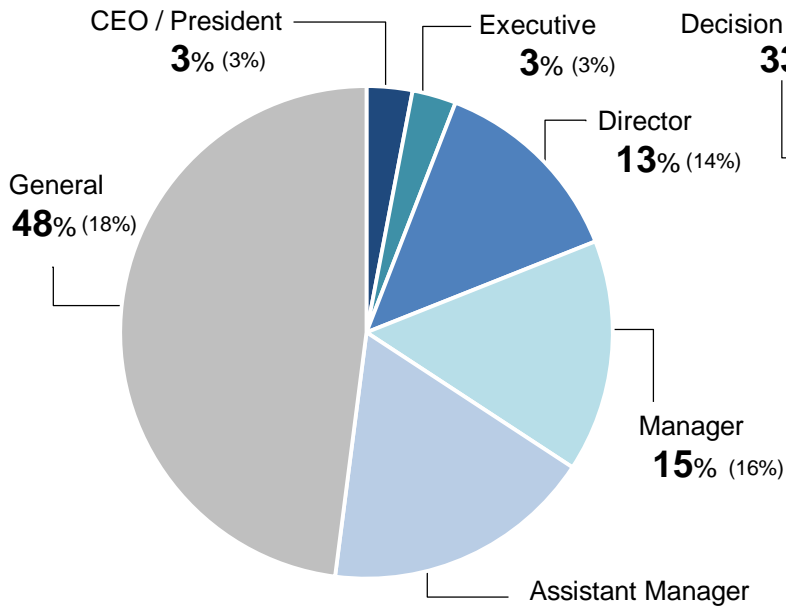

Job function

Attendee Profile

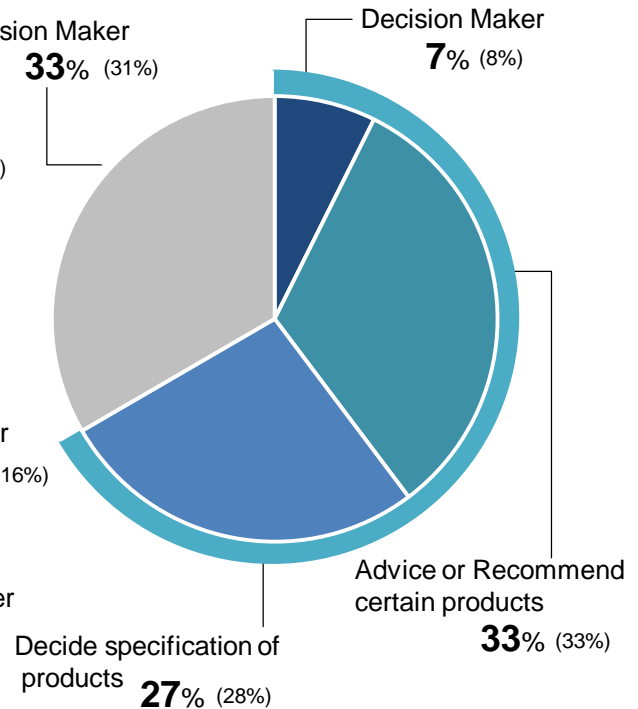

※ () is the result of last year.

Job title

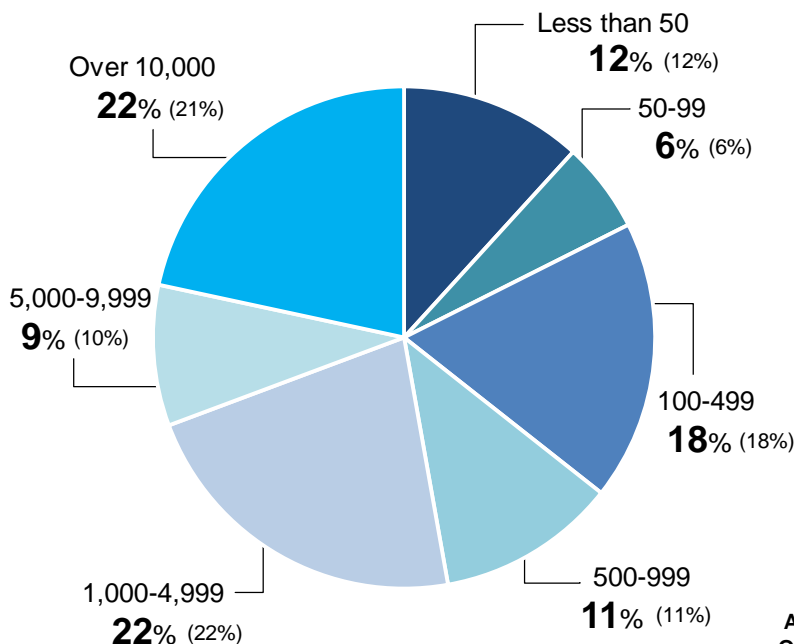

Purchase Role

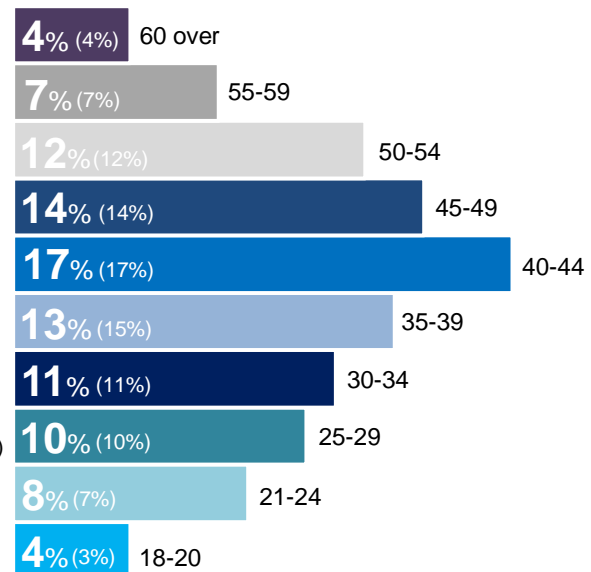

About **67%** of all attendees are involved in introducing products and services.

Number of Employee

Age group

About **50%** of attendees are in their 30s and 40s.
Over **70%** of those generations are involved in the study of introduction, and **50%** have a position to make decisions.

Grand Prize

**Huawei Technologies Japan**

-Cloud Video Endpoint: Huawei TE10

Runners-up

**ATEN JAPAN**

-32x32 Modular Matrix Switch VM3200

Dai Nippon Printing

-IC tag that Achieves high-precision reading even if attached to metallic products

Special Prize

**ATEN JAPAN**-32x32 Modular Matrix Switch VM3200
-Laptop USB Console Adapter CV211
-ATENコントロールシステム VK2100**AIM ELECTRONICS**

-Lock PDU color model

SCSK / Yamaha

-Video Sound Collaboration System for Huddle Rooms 『CS-700』

Sonix

-FlipCast

Dai Nippon Printing-DNP Solar Cell-Powered Bluetooth® Beacon
-IC tag that Achieves high-precision reading even if attached to metallic products**D-Link Japan**

-D-Link Omna™180 Cam HD (DSH-C310)

Huawei Technologies Japan

-Cloud Video Endpoint: Huawei TE10

Raritan Japan

-Intelligent Rack PDU PX3 (iX7 controller model)

FINALIST

Demonstration

**Huawei Technologies Japan**

-SoftRadio based E2E NB-IoT Service Quick Development Kit

Grand Prize

**Kanagawa Institute of Technology**

-8K UHD video handling system using cloud infrastructure

Special Prize

**Kanagawa Institute of Technology**

-8K UHD video handling system using cloud infrastructure

KCCS Mobile Engineering

-Demonstration of interworking between SmartBee IoT and Sigfox multi adapter

Juniper Networks

-SDSN: Advanced security to dynamically deal with a threat by using entire network resource

Trend Micro

-Connected Threat Defense™

Nextech

-poggimo device tracking service

Huawei Technologies Japan

-SoftRadio based E2E NB-IoT Service Quick Development Kit

FUJITSU

-Web of Things

Japan Advanced Institute of Science and Technology

-CyTRONE: Integrated Cybersecurity Training Framework

Japan Advanced Institute of Science and Technology /**National Institute of Information and Communications Technology**

-Jonathan: Large Scale Testbed Platform by Cooperation of Multi Agent Simulator and Communication Emulator

Best of Show Award

#interop17

"People's Choice" counts the number of references (including retweets) by twitter during the event period, It is a division of the Best Of Show Award that selects "the most talked participating companies".
